EDUCATION

University of Tennessee at Chattanooga

Bachelor of Science in Computer Science: Software Systems Engineering

Minor: Business Administration

GPA: 3.2 | Projected Graduation: December 2025

Relevant Coursework: Software Engineering, Database Management, Computer Architecture

EXPERIENCE

Volkswagen Group of America — Chattanooga, TN

Inbound Logistics CO-OP Intern | May 2025 – Present

At Volkswagen, I have been responsible for supporting inbound logistics and materials planning operations in a fast-paced manufacturing environment. I am working to develop a SharePoint platform designed to track and manage obsolete parts, which improve visibility and control of the supply chain. I am gaining hands-on experience with SAP Materials Management (MM) to assist procurement and inventory processes. This role requires regular cross-functional collaboration within an international corporate setting, allowing me to sharpen my communication and teamwork skills.

Daher Aerospace Internship — Tarbes, France

International Technical Support Intern | May 2023–July 2023

During my internship with Daher Aerospace, I contributed to avionics, logistics, and customer service efforts at an international aerospace manufacturer. I designed and implemented an electronic upgrade and retrofit request system for the TBM Care Team, streamlining customer support workflows and improving efficiency. I assisted avionics engineers with troubleshooting flight software and making configuration updates

LEADERSHIP & PROJECTS

Team Lead / Product Owner | Software Engineering Course Project—Spring 2025

I led a team of students in designing an agile framework for a Mars surface mission planning and logistics simulator. During this project, I created and managed user stories, task assignments, and development milestones. I also facilitated regular meetings and ensured project progress and alignment with specifications.

SKILLS

Programming Languages: Python, Java, R

Databases & Tools: MySQL, phpMyAdmin, DBeaver, Flask

Technical Tools: SAP (MM), Power BI, VBA, Microsoft Excel, SharePoint

Web Development: HTML, CSS, Bootstrap
